

Anthropology, Minor

A minor in Anthropology requires eighteen (18) credit hours. Any combination of Anthropology courses may be taken to satisfy the requirements; however, it is recommended that all students minoring in anthropology take Introduction to Anthropology (ANTH 2346), as well as foundational courses in Introduction to Archeology (ANTH 2302), and Introduction to Physical Anthropology (ANTH 2301). Students may pursue their particular interest in anthropology by customizing their course selection. For more information, contact the Coordinator of Anthropology.
